Welcome

The American Academy of Addiction Psychiatry (AAAP) invites you to exhibit at our 20th Annual Meeting and Symposium. This event provides physicians and allied health professionals who treat patients with substance use and mental health disorders the latest scientific developments in addiction psychiatry and addiction medicine. The meeting is structured to encourage interaction between clinicians from multiple disciplines, schools of thought, and settings.

This year's Annual Meeting and Symposium will be held at the Hyatt Regency Century Plaza in Los Angeles, California, December 3-6, 2009. This meeting is a major educational event in the field of addiction treatment and will provide an opportunity for you to promote your services.

The American Academy of Addiction Psychiatry is a professional membership organization founded in 1985 with approximately 1,000 members in the United States and around the world. Membership consists of psychiatrists who work with patients with substance use and mental health disorders in their practices, faculty at various academic institutions, medical students, resident physicians, and non-psychiatrist professionals who are making a contribution to the field of addiction psychiatry.

We hope you will take advantage of this chance to meet with your customers and potential customers in one cost-efficient and memorable setting. We look forward to seeing you in Los Angeles!
